**Characteristics of the Student Body:**

Carinity Education Gladstone is a co-educational Special Assistance School for students in Grades 7 to 11 (Year 12 commences 2019) situated on the southern side of Gladstone in Glen Eden that strives to provide excellence in education for a disadvantaged population in a setting where students' educational and personal needs are recognised, respected and met. Many students come to our school with issues in their lives from outside of school playing heavily on their mind. We aim to fully support our students and build their resilience to be able to cope in a more effective manner with the ongoing difficulties in life so they can be mindful and engage more effectively in the classroom and in learning.

The school operates under a considered research-based Model of Service with a principle of unconditional positive regard at its core. Young people are only able to be enrolled through referral and are either disengaged from education or at high risk of disengagement. Students are referred to Carinity Gladstone from Education Queensland Schools, as well as from a range of Government Departments and Community organisations. Many Students commence at the school with a history of absenteeism in the mainstream setting. All have large gaps in their schooling, negative previous experiences of mainstream education and are seeking a different approach. Carinity Gladstone also specialises in providing assistance to students from backgrounds of disadvantage, trauma and abuse. We provide a supportive and flexible learning environment that enables all of our students to work towards overcoming the barriers they have previously faced when accessing education.

The school has a strong focus on community; developing skills, attitudes and behaviours that equip students for life beyond school. A support team is in place to work with the underlying causes of behaviours. As a SAS school Carinity Gladstone aims to remove barriers to education and to nurture the intellectual, spiritual, social, emotional and ethical development of young people.

The ratio of Females to Males was 72% and 28% respectively.

Indigenous enrolment percentage was at 17%.

### **Distinctive Curriculum Offerings:**

The school has a practical, real world approach to learning across all subject areas in all year levels. Learning opportunities are based on real life topics and values that engage students, helping them understand themselves, appreciate the world around them and form respectful opinions. The focus for students at Carinity Gladstone is to ensure that the pattern of disengagement that preceded enrolment is interrupted and positive relationships are formed. Learning programs in all subjects are developed to suit individual students needs at the level they are at with an emphasis on practical applications, hands on and project-based work. The use of opportunities to extend English/Literacy and Mathematics/Numeracy skills are a focus in all learning areas and is seen as a fundamental need to a student's ability to learn at school and to engage productively in society. Personal and social capability skills are also addressed in all learning areas and at every stage of schooling at Carinity Gladstone. Students learn to understand themselves and others, and manage their relationships, lives and learning more effectively. Carinity Gladstone has programs and support in place to help students recognise and regulate their emotions, develop empathy for others and understand healthy, positive relationships. Additionally, we encourage skills that produce responsible decisions, the ability to handle challenging situations and resilience.

Students in Year 10 and Year 11 and Year 12 (2019), have the opportunity to undertake Vocational Education in the areas of Hospitality, Business, Tourism, Skills for Work and Vocational Pathways and other self-selected courses. Also on offer, for future senior students is a range of SAS subjects, including Aquatics in Practice, Science in Practice, Media Arts in Practice, Art in Practice, Building and Construction Skills, Essential Mathematics, Essential English, BKS and for all students, short courses in Literacy, Numeracy and Careers. The school also provides pathways to work experience as part of curricular activities and maintains strong links with external education providers including TAFE, private RTO's and the local University.

Typically, students come to Carinity Gladstone with a range of diverse needs, and the school is structured to provide for this. Small class sizes of twelve to fourteen offer more personalised attention than mainstream schools providing access to extra support and assistance. Students also have the benefit of support from our team of dedicated youth workers and passionate youth development lead to provide additional learning support and pastoral care as needed.

An important focus at Carinity Gladstone is placed on developing positive relationships between staff and students. This works to improve both active participation in learning and attendance.

### **Extra-curricular Activities:**

At Carinity Gladstone we work under the Outcomes Star and Therapeutic Crisis Intervention Models to explicitly and implicitly teach young people emotional literacy, self-regulation and resilience building strategies. By explicitly addressing the issues and the behaviours we can see positive changes in the behaviours and the academic outcomes of our students.

Some of the extra-curricular activities at Carinity Gladstone are:

- Mentoring activities to improve student engagement
- Sport
- Rewards programs
- Rock and Water Program

- Christmas and Easter Celebrations

### **Social Climate:**

Carinity Gladstone is passionate about creating a culture of growth and development for all young people. With a commitment to social justice, we provide opportunities for young people to connect with a range of services, experiences and learnings that will empower them to create positive changes in their lives. We believe that anti-social behaviours are a direct outcome of negative experiences that have impacted on brain development and consequently young people's capacity to engage and make positive choices.

The school's philosophy of Unconditional Positive Regard underpins the climate of the school and this philosophy informs the structure and strategies that we utilize. We aim to address the needs and capacity of each individual, providing learning and strategies that take students through steps that lead to greater resilience, increased engagement and positive brain development. Students are in small cohorts with dedicated teachers and supported by a passionate youth development lead and youth workers. Carinity Gladstone aims to create a community vibe where all students feel like a valued member.

When behavioural or bullying issues arise we use mediation, communication and restorative justice methods to come to a resolution. Bullying is not tolerated in the school and students involved in bullying behaviours are required to participate in mediation with staff and victims to develop some understanding of the impacts of their behavior on others and to come to a peaceful resolution. Repercussions of their actions are determined based on individual students and circumstances.

Because most of our students come with a range of barriers, a holistic support system including the following is provided.

- Youth support through the activities of the youth workers
- Outcome Star Program
- External partnerships with local counselling organisations provide support to referred students (also conduct substance abuse programs to assist youth where necessary)
- Pastoral care programs with a focus on mental, social and personal wellbeing
- Pastoral care programs with a focus on bullying; awareness, understanding and resilience
- Holiday mentoring programs to ensure students stay on track
- Specialised teaching, learning and assessment resources
- Rewards program to encourage positive behaviour
- External links with other youth support agencies to ensure best outcomes for the student
- Court support
- Meals
- Catering for basic needs; food, clothing and hygiene
- Sense of Community, belonging and security; a place where students know they will be safe
- Physical Health and well being
- Strong relationship building
- Personal and social capability, personal development, emotional and social wellbeing, communication, choices and behavior
- R.E.A.L.S Tracking
- Family functions
- Harmony Day

- Anti-Bullying Awareness Day

The school focuses on relationship building, social and emotional wellbeing, as well as curriculum requirements to engage the students. We aim to develop relationships of trust and hope with our young people that can be built into further life and work skills.

Child protection is an important part of school life. The school activity supports children who are at risk of harm or sexual abuse. As well as reporting such matters, the school works closely with external providers to ensure children have a 'safe place' outside of school hours, and that Police are kept up-to-date with issues.

### **Parental Involvement:**

Carers and families are encouraged to play an active role in the schooling, care and support of the young person in their care. Carers are considered an important part of a three-way partnership in their child's education. They are routinely contacted by phone, text messages or emails and they are encouraged through the work of the pastoral care team, to communicate regularly with the school, participate in events and meetings so that staff can best support the child as well as the family when needed.

Staff are encouraged to appropriately and responsibly send text messages and photos that provide a snapshot and communication to carers and families of student achievements. Communication plays an important role at Carinity Education Gladstone.

### **Parent, Teacher and Student Satisfaction with the School**

#### **Satisfaction Data:**

A process of formal surveys with carers are conducted annually to ensure that customer satisfaction is maintained, and opportunities and ideas for improvement are received. This is completed through an on-line process or hard copy. Students have the same opportunity to answer questions through an on-line survey tool or hard copy to gauge satisfaction. Students are encouraged to provide ideas for discussion and consideration on many topics and in all areas of their school community.

The data collected revealed that the majority of parents, carers and students were supportive and extremely positive about their experiences at Carinity Gladstone. Students felt that the staff were more caring, they received greater support and enjoyed coming to school. They data positively indicated that the students believed that the school was a safe place, they were succeeding in their education and learning more. Their overall experiences were much better than at other schools. The survey data from parents and carers indicated an overwhelming excellent response to the general satisfaction with Carinity Gladstone. They indicated that their child's level of engagement in school had improved particularly in literacy and numeracy. Parents and carers believed that their child's well-being, ability to communicate with others and their respect for social responsibility had improved considerably.

A description of how non-attendance is managed by the school:

School attendance is monitored by the Youth Worker and Teacher allocated to each Pastoral Care Group. Each morning carers of students who are not at school are contacted via phone or text message by the Administration officer. Any un-explained absences or continuous absence from school is followed up by the Youth Development Lead or Principal. If there is no response, a staff member will conduct a home visit. If the student does not return to school a phone call or text message is sent asking the carer to attend a meeting with the Principal and Youth Development Lead to discuss and explain the non-attendance. If there is no response, the school contacts the carer by letter with a timeframe to contact the school to make an alternative meeting time. Records of these activities is maintained on the schools' student management system (TASS).
